Vote Being Polled.

All Sides Claim to Have
the Best of It.

No More Money Being
Placed On Nash.

Where to Go to Hear the
Returns Tonight.

Conservative People Do Not Risk
Predictions.

At three o'clock this afternoon the
indications were that the vote in
Summit county would be unusually
heavy for a state election.

Chairman Ed. H. Bishop of the
Democratic Executive committee
received a telegram from a Cincin-
nati friend this morning announcing
that the Republicans there will bet
no more even money upon Candidate
Nash.

Mr. J. W. Melton, of Coventry, a
member of the Republican Execu-
tive committee, has just received a
letter from a Columbus friend in-
dicating that Judge Nash will have a
hard struggle to prevent being the
third in the race.

Both Chairman Bishop of the
Democratic committee and Chair-
man Stuart of the Republican com-
mittee are making strong claims of
victory for their respective parties
in Summit county. The result is
likely to be close either way.

The Jones men claim that they
will carry Cuyahoga Falls and some
of the precincts in Northern Summit
county. They had a big meeting at
the Falls last night, which was at-
tended by many farmers from Stow
township.

While it is unsafe to venture pre-
dictions upon the result of the state
election, it is certain that the com-
bined votes for McLean and Jones
will exceed that polled for Nash.
Just how the Administration could
claim an endorsement for its policies
under such circumstances has not
been explained.

Will Receive Returns.

The Democrats will receive returns
by wire from the general elections at
Mayor's court room, City Hall. The

people will be kept informed of the

The Republican Committee has ar-
ranged to receive returns at head-
quarters, which will be announced to
the people at Assembly hall, a mes-
senger service being established for
this purpose.

Special wires will also serve the
Elks' club and the DEMOCRAT office.
Returns will be received at the

FIRST LECTURE

Of the University Exten-
sion Course.

The first lecture of the University
Extension course was given Monday
evening in the Universalist church
by Ex-Mayor E. R. Harper.

The well filled auditorium spoke
well for the interest which is being
taken in the lectures. Mr. Harper's
subject was "Indians and Mormons,"
his long sojourn in Utah giving him
an excellent opportunity to familiar-
ize himself with his subject.

NO INDICATION

That War Will End—Want to Be
Independent Nation.

The family of Officer Joseph Kem-
pel, 167 Benjamin st., on Wednesday
received five letters from Joseph
Kempel, Jr., who is in the Philip-
pines, a member of Company E, 12th
U. S. Infantry.

Joseph, who is 22 years of age,
says that he enjoys soldiering very
well and is enjoying good health. In
a letter to his father, he said:

"The Filipinos are anxious to sur-
render, but Otis says if they do they
will have to give up everything, and
they won't do that, as they want to
be recognized as a nation."

Speaking further Mr. K. empel says
there is no indication that the end is
near.

REMAINS

Of Alfred H. Griffin Sent to His Old
Home.

The remains of Alfred H. Griffin,
who committed suicide Sunday were
shipped Tuesday morning to Broom-
ville, Seneca county, Ohio, where
the funeral will be held. Griffin's
mother and sister were in the city
and accompanied the body.

NOT AN ARREST

Made by Police Today—Everything
Has Been Orderly.

Despite the great excitement inci-
dent to the election, and the large
number of votes being polled, the
event is moving along quietly, the
best of order prevailing. Not an
arrest for intoxication or any cause
has been made thus far.

Final Dividend.

The receivers of the Akron Silver

vidend Monday of 11.7 per cent, total of
\$6,600.

COMBINE

Will Control Lines

Making Longest Trolley
System In World.

Road Constructed by the
Christy Bros.

Will Traverse Territory Having
750,000 Population.

Attorney General Commences Action
to Prevent Consolidation.

It is said that a big combine has
been completed by which a party of
Cleveland capitalists has secured
control of trolley railroads through-
out the Miami valley and will make of
them one of the longest trolley lines
in the world.

The capitalists have already se-
cured control of the lines between
Cincinnati, Hamilton, and Dayton,
formerly separate companies, and
are operating this part of the pro-
posed system.

Those principally interested in the
deal are: M. J. Mandelbaum & Co.,
F. D. Pomroy, D. H. Kimberley and
Mr. Akin of Cleveland.

A year ago last May, James and
Will Christy, of Akron, built for M.
J. Mandelbaum & Co., Mr. Pomroy,
Mr. Kimberley, and other Clevel-
anders, the Cincinnati and Hamil-
ton trolley railroad. It runs from
center of Hamilton to Cincin-
nati, or, rather, to College Hill, a
close suburb of Cincinnati. Very qui-
etly the Clevelanders went to work
and bought up the stock and secur-

ities of the Cincinnati & Miami Val-
ley Traction company, this being
the first public announcement of even
that much of the project of the
Cleveland capitalists. At the same
time the Clevelanders began buying
up the stock of the Dayton Traction
company, until they now own four-
fifths of it, giving them a practically
continuous line from Cincinnati to
Dayton, all of which is in operation
with the exception of about three
squares in the city of Hamilton and
this is to be in operation as soon
as the connecting link of track
can be laid. The new company that
is the outgrowth of the consolidation
has not yet been named or incorpor-
ated, but the incorporation is to be
effected in a short time. The capi-
talization will be in excess of two
million dollars and the company will
be incorporated in Ohio.

The road when completed will be
about seventy-two miles long, and
will traverse a territory having a
population of about 750,000. The
portion of the road already in oper-
ation passes through West Carrollton,
Miamisburg, Middletown, Franklin,
Trenton, Hamilton and Mount
Healthy, each with a population of
from two to thirty thousand, and its
termini are in Cincinnati with a
population of about 400,000 and Day-
ton with a population of about 100,
000.

A late report from Hamilton, says
that Attorney General Monnett to-
day began a quo warranto proceed-
ing in the Circuit court, to stop the
Cincinnati & Hamilton Electric
Street Railway company from con-
demning a right of way over the
Hamilton & Lindenwald Electric
Transit company's tracks, to the
southern terminus of the Cincinnati
and Miami Valley Traction com-
pany's line. The purpose of the suit
is to prevent the execution of the
plan to consolidate the Cincinnati,
Miami Valley and the Cincinnati &
Hamilton with a through line from
Cincinnati to Dayton. Judge Smith
granted an injunction and set the
hearing for next Saturday.

WHERE Is Proprietor of White House Tavern?

Barberton Business Men Want Some
One to Answer the Question.
Will Harris, late proprietor of the
White House at Barberton, is badly
wanted by a number of the Magic
City's business men.
Six weeks ago he went to Barber-
ton and assumed control of the
White House. He came from the
vicinity of Chippewa lake.

He at once began to buy a large
supply of provisions, liquors, cigars,
clothing, etc., which is said amounts
to \$500. In the middle of the night
on October 30, he quietly stole away
from the city, taking with him a
large quantity of whiskey, cigars and
clothing. No trace could be found
of him.

Barn and All Contents Destroyed—

A barn owned by James Clayton,
302 Wooster ave., was entirely de-
stroyed by fire about 11 o'clock Mon-
day night. A horse, two buggies
and a quantity of tools were destroy-
ed. Nothing was saved. There
was no insurance. It is believed
the fire was of incendiary origin. A
barrel of cider was stored in the barn
and it is supposed that the fire was
started by someone who was in the
barn for the purpose of stealing cider
as the blaze originated in the corner
where the barrel was kept.
